PROFESSIONAL SUMMARY

Motivated BCA student (8th Semester) at Citizen College, Pokhara University, with a strong foundation in full-stack web development and computer vision. Proficient in the MERN stack (MongoDB, Express.js, React, Node.js) and experienced with PHP, Java, C, and C++. Passionate about building accessible, performant, and secure web applications. Currently available for freelance work and internship opportunities. Open to collaboration on innovative projects.

EDUCATION

Bachelor of Computer Application (BCA)

Running — 8th Semester

Citizen College, Pokhara University

Kumaripati, Lalitpur, Nepal

Higher Secondary School (+2) — Science

Graduated 2022

Tribhuvan Model Secondary School

Kohalpur, Banke, Nepal

TECHNICAL SKILLS

MERN Stack:	MongoDB • Express.js • React • Node.js
Languages:	C • C++ • JavaScript • PHP (Basics) • Java (Basics)
Frontend:	HTML5 • CSS3 • Tailwind CSS • Vite
Database:	MySQL • MongoDB
Tools & Other:	Git • GitHub • OOP • Computer Vision • OpenCV
Soft Skills:	Communication • Teamwork • Leadership • Problem Solving
Language	Nepali & English

PROJECTS

Expenses Tracking System

React, TailwindCSS, Express.js, Node.js, MongoDB

- Full-stack MERN application for personal finance management featuring secure authentication, real-time balance calculation, transaction categorization, and visual spending reports.

Eye Blink Detection

Python, OpenCV, Computer Vision

- Real-time driver drowsiness detection system using Eye Aspect Ratio (EAR) algorithm. Alerts the driver if eyes remain closed beyond a safe threshold; adaptable for hands-free assistive technologies.

Job Portal |

PHP, MySQL, SASS, JavaScript

- Online recruitment platform connecting job seekers and employers. Supports resume uploads, advanced job-search filters, application tracking, and email notifications.

Restaurant Website

HTML, CSS, JavaScript, PHP, MySQL

- Fully responsive restaurant web application with interactive menu browsing, online ordering, and table reservation system with real-time order management for kitchen staff.

Movie Ticket Booking System

C, File Handling, Data Structures

- C-based console application simulating a real-world cinema booking system with admin/user modes, seat allocation, price calculation, and file-based data persistence.

Work Experience

Frontend Developer Intern

CNC Consultancy | Banauli- Saptari |3 Months | Remote

- Developed responsive and user-friendly web interfaces.
- Worked on frontend development projects using modern web technologies.
- Improved UI/UX, performance, and website responsiveness.
